The above chart represents the term portion of the student's mark which will make up $\mathbf{7 0 \%}$ of the final grade. The final summative evaluation makes up $\mathbf{3 0 \%}$ of the final grade. The final exam is composed of an individual oral interview, a listening assessment and written assessment. Note that each CATEGORY is worth $\mathbf{2 5 \%}$ of the student's term mark.

All skill categories are not necessarily covered in every assignment. For example, a reading response may only touch on Knowledge and Thinking. Unit oral work will be recorded under Communication.

Final summative tests in each unit cover all four skill areas.
